Subject: NEIC Civil Enforcement Support in FY21

Hi Everyone,

Attached is the final list of projects NEIC has accepted for FY 2021, with the schedule placement, and points of contact (columns M-O). Green highlighted projects are accepted, yellow highlighted projects are partially accepted, and blue highlighted projects are carryovers from FY 2020 that were rescheduled into FY 2021 because of the pandemic. Any changes that have been made since the last version have been communicated to the impacted Region.

We appreciate everyone's flexibility in rescheduling projects from FY 2020 into this year. As we move forward, if any projects need to be postponed due to COVID-related safety issues, we will work to fit them into our schedule the best we can, including into FY 2022, if necessary.

Thank you very much for providing us with so many excellent requests for civil enforcement support. We are really excited to get started on these projects and look forward to a very successful FY 2021. As always, if anything changes or if new priorities arise throughout the year, please let Rebecca Connell know as soon as possible so we can try to accommodate your needs.

Thank you,

Erica
